SUMMARY

Final year B.Tech Computer Science student specializing in Full-Stack Web Development, Artificial Intelligence, and Machine Learning. Proficient in Python, C++, and the MERN stack, with a proven track record of engineering scalable applications and deploying data-driven solutions. Passionate about problem-solving, cloud infrastructure, and optimizing backend performance in collaborative agile environments.

TECHNICAL SKILLS

Languages: Python, JavaScript, TypeScript, Java, C++, SQL, Shell Scripting

Frameworks: React.js, Node.js, Express.js, Next.js, FastAPI,

Cloud & DevOps: AWS (EC2, S3), Git/GitHub

Databases: PostgreSQL, MongoDB, MySQL

PROJECTS

Kissan Sarthi | *MERN Stack, REST APIs* | [GitHub](#)

2026

- Engineered an AgTech “Super App” facilitating direct crop sales between farmers and consumers, eliminating intermediary latency.
- Optimized database query performance by 30% using MongoDB indexing, ensuring seamless transaction processing for end-users.
- Developed a scalable backend architecture with Node.js and Express, supporting 500+ concurrent user sessions with high availability.

Learn Hub | *React, Node.js, WebSockets* | [GitHub](#)

2025

- Architected an interactive educational platform featuring real-time collaborative workspaces and centralized academic resource sharing.
- Implemented WebSocket integration for live communication and notifications, reducing message delivery latency to under 50ms.
- Enhanced frontend rendering speed by 25% through React component memoization and efficient application state management.

EXPERIENCE

Tamizhan Skills

Bhopal, India

Cybersecurity Intern

Aug 2025 – Sep 2025

- Engineered a phishing detection model using Python and Scikit-learn, achieving 90%+ accuracy in identifying and flagging malicious URLs.
- Developed a multithreaded port scanner utilizing the Python socket module, reducing network scanning latency by 40%.
- Compiled and presented technical vulnerability reports at weekly research meetings to cross-functional teams, driving security best practices.

EDUCATION

Vellore Institute of Technology

Bhopal, India

B.Tech. in Computer Science and Engineering

Sep 2023 – May 2027

SGM International School

Kanpur, India

Senior Secondary Certificate

April 2020 – July 2022

CERTIFICATIONS

AWS Certified Cloud Practitioner, AWS

Introduction to Machine Learning by IITKGP, NPTEL

Introduction to Data Analytics by META, Coursera

Deep Learning by IIT Ropar, NPTEL

Industrial IoT Market and Security by University of Colorado Boulder, Coursera
